

NOTICE: Regarding the Courses for Spring Semester, 2020 in Graduate School of Engineering and Faculty of Engineering, Kyoto University (Ver.2)

To all students in Graduate School of Engineering and Faculty of Engineering,

After May 7, 2020 as well, we have decided to continue conducting the online class in the specialized subjects for Graduate School of Engineering and Faculty of Engineering except some subjects in order to prevent the spread of the novel coronavirus (COVID-19) infections.

For the first, second and third year undergraduate students, be sure not to come to the university in principle after May 7, 2020 also. The fourth year undergraduate students and graduate students who belong to laboratories should follow their instructions.

As this situation still goes on, some students, especially new students may feel uncomfortable and some kind of worries. In the laboratories and each division/department to which you belong, they are taking action to communicate with every students through counselling and providing some supports by advisor and tutor system.

Besides, we offer the School Nurse's Office in both Yoshida and Katsura campus, and the registered school nurse will be available for the consultation when you feel some kind of worries. In addition, we are planning to open the online-consultation in our website. We will inform you in the website of the Graduate School of Engineering and Faculty of Engineering, Kyoto University when we get ready.
